

Heartland EAA Chapter 1240

197 Challenger Drive, Gate 24, Sebring Regional Airport
Sebring, FL 33870 (863) 655-1104

NEWS AND EVENTS FOR JUNE, 2021

THANK YOU! To everyone who volunteered and made our first three Pancake Breakfasts since reopening great successes!

Our next breakfast is June 12th, and we will need our members to participate; we will need assistance with

- The cooking team (1-2 additional members)
- The serving line (1-2 additional members)
- Table cleaning and sanitizing (1 additional member)
- Cleanup and takedown after the breakfast (2 additional members)

More information will be presented at the Chapter Meeting on June 10, and prior to opening of the breakfast. We need to have more members involved, to provide for a break for those working, and perhaps to work in shifts. Please let Dale Huffman know if you can help.

We look forward to seeing you at the Chapter Meeting and the Pancake Breakfast!

UPCOMING EVENTS:

-CHAPTER MEETING: Thursday, June 10, 6:00pm, EAA #1240 Aviation Development Center. Please join us for a review of our high school program for the school year just completed, some really great news about new acquisitions by the chapter, and other announcements. Please join us for this meeting; setup for the June 12th Pancake Breakfast will follow the meeting.

-PANCAKE BREAKFAST: Saturday, June 12, 8:00am – 10:30am, EAA #1240 Aviation Development Center. This is also **International Young Eagles Day**, and we will be taking part in getting more young people in the air for their first airplane flights.

Located at the end of the road, but at the beginning of adventure.

-CHAPTER MEETING: Thursday, July 8, 6:00p, EAA #1240 Aviation Development Center.

-PANCAKE BREAKFAST: Saturday, July 10, 8:00am – 10:30am, EAA #1240 Aviation Development Center. Young Eagles flights will be made.

-WELCOME, NEW MEMBERS: Please join us in welcoming new members of EAA #1240, Jay and Mary Johnson. Say hello and introduce yourself to them at our Chapter Meeting and Breakfast.

-AIRCRAFT FOR SALE: We have learned that there is a Pulsar XP aircraft for sale in Lake Placid. Has Rotax 912, ADS-B. If you have an interest, contact Dale Huffman for the contact information of the owner.

-PILOT NEWS: We received a tip from Bold Method, a flight instruction web provider, on “**How to Make a Perfect Short Field Takeoff**”. Check out this instructional article at:

<https://www.boldmethod.com/learn-to-fly/maneuvers/how-to-make-a-perfect-short-field-takeoff-every-time/>

-TRANSPONDER CERTIFICATION: Over the past year, our chapter hosted two days for aircraft owners to have their transponders certified per FAA regulations. Rather than fly the aircraft to certification provider, Volusia Aviation brings their mobile equipment to our facility, for a quick and affordable certification. We will host another event like this if we can have at least six aircraft needing the certification. **We already have four aircraft ready to do so.** Check your logs, and if you are out of date or getting close, this would be a great time to get the work done. Contact Dale Huffman for information. The date will be determined when we have enough aircraft ready to go.

-2021 ANNUAL DUES: Dues for 2021 are now due and can be paid at any time. Dues are \$25 per year for an individual or \$30 for a family. Make your check to “EAA Chapter 1240”, and mail to the address above, or see one of the chapter officers at our events.

Many thanks to our members who have recently paid their 2021 membership dues. Our members are the main ingredient in a successful chapter. **Especially at this time, we need your support for keeping the chapter running and being one of the most highly recognized chapters in the country.**

-DID YOU KNOW?: EAA #1240 has a great library of aviation related books, DVDs, CDs and other items up the stairway in the hangar. These items can be checked out by simply signing them out. We ask that they be returned when finished.

Located at the end of the road, but at the beginning of adventure.

EAA WEBINARS: EAA offers all aviation enthusiasts an opportunity to participate in the Webinar Series, presented by Aircraft Spruce. Attendance is limited, so preregistration is strongly suggested. Here is the schedule for the remainder of June and July. To register, go to EAA.org, search for webinars, and register. (Please note: times listed are Central Time; these will be 8:00pm if you are on Eastern Daylight Time.)

June Webinars

Decision-Making and Loss of Control Inflight (LOC-I)

TUESDAY, JUNE 15, AT 7 P.M. CDT

Presenter: Gordon Penner | *Qualifies for FAA WINGS credit.*

Aviation and Aircraft Taxes

WEDNESDAY, JUNE 16, AT 7 P.M. CDT

Presenters: Greg Reigel and Paul Herbers

Welcome to EAA – Getting the Most Out of Your Membership

TUESDAY, JUNE 22, AT 7 P.M. CDT
